

13th Annual Conference

Travel Health from a Global Perspective
 London School of Hygiene and Tropical Medicine
 London WC1E 7HT

Saturday 1st October 2011
9.30am until 5pm
Registration from 8.30am
The Annual General Meeting
will be held during the conference

There is an increasing recognition of the interdependence of the health of the traveller with that of the health infrastructure and issues present in the host countries. These aspects of global health will be explored with a particular focus on how they can affect advice appropriate for the long term traveller.

Sessions include

- Global challenges for travel medicine in the 21st century **Prof. Louis Loutan**, Switzerland
- Travellers experience of local health provision **Dr. Iain McIntosh**
- The link between global health and travel medicine **Dr Eric Walker**
- Host Country Issues **Sheila Hall**
- **Workshops**
 Carrying and obtaining medicines overseas
Prof. Larry Goodyer
Leicester School of Pharmacy De Montford University
- **Preparing the long term traveller**
Dr. Ted. Lankester *Interhealth*
- **Debate**
What effect will the NHS reforms have upon the practice of Travel Medicine
