

# *The Clipperton Project*

Clipperton is an island in the middle of the Pacific Ocean.  
It is also an idea..

The Clipperton Project is a multi-disciplinary, international arts and science project which aims to take emerging practitioners from 9 different countries on a collaborative research expedition to the forgotten island of Clipperton in March 2012.

**But it is also so much more than that...**

## **THE CLIPPERTON PROJECT IS SEEKING AN ADVENTUROUS DOCTOR TO JOIN US ON OUR EXTRAORDINARY JOURNEY.**

The Clipperton Project requires the assistance of a licensed physician to provide medical support to our team of 20 as they journey to the remote island of Clipperton.

This is a once-in-a-lifetime opportunity to be part of something different and progressive. Our team comprises of artists, marine biologists, writers, geographers, a dancer, a musician and a historian. This is an experience, not a job.

If you're interested in joining our diverse crew, you must be able to meet the following requirements:

- Be available to travel to La Paz, Baja California Sur, Mexico on the **28<sup>th</sup> of February 2012** (you are required to pay for the cost of getting to and from Mexico)
- Hold a **current license** to practice medicine
- Be willing to **work as part of the team** to crew the boat, prepare meals, set-up camp on the island (and possibly assist the scientists with data collection)
- Commit to contributing a minimal amount towards your expedition costs
- Expect to remain in Mexico until **March 26<sup>th</sup> 2012**.

**Contact us directly to discuss your role and the project in detail:**

## More Medic Details

**1) Where, when and for how long will the medic be required**

He/She is required to be in La Paz, Mexico, by the 28th of Feb, until the 25th of March 2012. The expedition team leaves on the 2nd and expects to return on the 23rd of March, spending approximately 7 days on Clipperton island.

**2) The approximate size of the team s/he are expected to be caring for**

The expedition team is 20 (21 including the medic), with 3 additional boat crew members (Total Team incl. Medic: 24).

**3) If this is a paid/funded place – eg. Will the medic be paid, will their expenses be covered?**

Each participant is expected to cover their return flight to Mexico. A project minimal project donation is also required (details of this can be discussed with interested individuals). All other expedition expenses are covered by The Clipperton Project. There is no wage/fee for this trip - the position is voluntary.

Further information can be found on our website ([www.theclippertonproject.com](http://www.theclippertonproject.com)) and we're happy to discuss in details aspects of the project with those who get in touch.

Many thanks for your assistance, James. It's greatly appreciated. If we can provide you with anything else, just give me a shout.

Kind regards,

**Alex Kearney**  
Project Coordinator
